

Good afternoon all:

Many of you are aware of our meeting planned for tomorrow (30 August) at 3:00 pm (Eastern Time US) for a presentation by a notable team of heroes who are trying to salvage our global aviation industry. Tomorrow, Bruce McGray, who is a very senior Federal Aviation Administration official and whistleblower, will provide testimony about his experiences and efforts to prevent a most certain and looming aviation tragedy. Bruce is joined by flight surgeons Dr. Theresa Long and Dr. Pete Chambers to discuss ways to screen, identify and remediate or repair vaccine injuries aviation professionals and others may be suffering.

Also presenting is Jeffrey Prather (inter alia, Senior Special Agent – retired), Ann Vandersteel (hostess and Director of the Zelenko Foundation) and Lt. General Thomas McInerney (US Air Force – retired); all of whom have battled the apathy, inaction, coercion and corruption in our various governments in order to stop the killer shot mandates and preserve humanity.

We have an opportunity to identify these pressing issues, help the injured and unemployed while repairing the relationships between regulators, law enforcement, aviation professionals and the flying public. Tomorrow's meeting is about solutions that will translate whistleblower leadership into mass-local action resulting in the salvation of our aviation industry and re-establishment of working relationships between government and citizens.

You are invited to attend and bring along anyone that you believe may be interested in hearing about these topics or joining in the effort.

I look forward to seeing you tomorrow,
Todd
